Contact Support

Contact Support

Need help with NXGEN GCXONE? Our support team is here to assist you.

Submit a Support Ticket

To submit a support request, contact your NXGEN account manager or reach out through the support portal provided during your onboarding.

Before You Contact Support

To speed up resolution, please have the following information ready:

- Your organization name and account ID
- The GCXONE version you are running
- A description of the issue and steps to reproduce it
- Any relevant screenshots or log excerpts
